## OGDEN

TRIBUNE BRANCH OFFICE,  
206 Washington Ave. Telephone 111.BOY LOSES HIS LIFE BY  
HARD FALL FROM HORSE

Special to The Tribune.  
OGDEN, June 27.—A fatal accident occurred at Five Points, this city, this morning. Lewis Gibbs, residing at 297 Harrison avenue, fell from a horse and received injuries from which he died a few hours later. Young Gibbs is the seven-year-old son of Heber Gibbs. The family was preparing for an overland trip to Fairhaven, Idaho, when Lewis Gibbs, one of the horses to ride to the water. The animal made a quick turn and the boy was thrown to the ground, and he never recovered consciousness. He was injured internally. The funeral will be held from the Layne mortuary Wednesday afternoon at 2 o'clock.

The Ogden baseball team has returned from Exton, where it defeated the Exton team by a score of 13 to 3. The team was managed by Harry for Ogden and Chivers and Fuller for Exton.

General Manager Bancroft and the assistant superintendent of the Oregon Short Line were in Ogden yesterday on a tour of inspection.

Thomas Mercer, the well-known sheepman, has returned from Idaho. He says that Joseph Washburn, well known in Ogden, accidentally shot off the index finger of his right hand at Soda Springs some days ago. He was fooling with a revolver when the accident happened.

At the meeting of the Board of County Commissioners Chairman Stanford recommended a survey of the canyon road, which was ordered. The clerk was instructed to write to Davis county and ask for the Weber river at Utah.

A fire started in the Chinese opium shop on Twenty-fifth street yesterday, but was quickly extinguished by the chemical corps, with a loss of less than \$50.

Chief of Police Graves has issued a notice to property owners to keep their premises free of combustible material, as the Fourth of July is near at hand.

J. W. Pickett has been to Park City on a trip of inspection of the Giles Mining and Milling company's property, and

The Toilers in Our Factories.

Workmen in the world can do so much more the same intelligence that our own American workmen and women are capable of. That is why they are being used in the world in manufacturing, all due to the brain and muscle of our Yankee men and women.

Unfortunately where there is smoke, dirt and dust and little sunlight there also can be found the germs of disease. Nature's great disinfectant is sunlight. It is in the factory, the workshop, the office, that men and women suffer from diseases which are in the dust and the bad air. Such diseases germs enter into the blood in two ways, either through the lungs or stomach.

After years of experience in an active practice, Dr. R. V. Pierce, of Buffalo, N. Y., discovered a remedy that is a blood-purifier and tissue-builder, at the same time alleviates a cough. He called it Dr. Pierce's Golden Medical Discovery—an alternative extract that assists in the digestion and assimilation of the food—so that the blood gets its elements from the products of digestion, the liver at the same time is stimulated into activity and there is perfect elimination of waste matter. The germs of grip, malaria, catarrh and consumption find a fertile field if the body is not kept in perfect order and the blood pure.

Because the stomach is diseased there is a diminution of the red corpuscles of the blood. This is why one is sleepless, languid, nervous and irritable. Sensitive stomachs grow stout at the irritating cod liver oils, but they will get all the food elements the tissues require by using the "Golden Medical Discovery."

The "Discovery" is absolutely a non-alcoholic and non-narcotic medicine. There is nothing else "just as good."

Dr. Pierce's Pleasant Pellets, the best laxative for old and young people. They cure constipation and biliousness.

Barbers' Outing Is  
Given at LagoonSalt Lake Union Wrestling With  
the Question of Ten-Cent  
Shops.

IT WAS barbers' day at Lagoon yesterday, and a great time did the knights of the razor have. It was a joint celebration of the unions of this city and Ogden, and the union barbers were all there, together with many who were not union and more who were not barbers. But all were made welcome and all enjoyed the festivities. The barber shops of the city all closed at noon to give all the opportunity of attending the picnic. The crowd at Lagoon was estimated at about 100 persons, the greater number remaining until the last train left last night.

The program of the day included a hotly-contested ball game by picked teams from the Ogden and Salt Lake unions, a number of races, jumping contests and dancing. The arrangements were in charge of a committee composed of John Edwards, John Hansen, J. R. Knowlton, Fred Tyler, Fred Riley and Thomas Aubrey.

The Salt Lake Barbers' union is still wrestling with the problem of inducing the recent shops of the city to raise the price of shaving to the union figure of 15 cents, with only indifferent success.

The shops which have refused to make the uniform price have been declared unfair—that is, their union cards have been taken from them, and union journeymen are being taken from the shops as fast as places can be found for them elsewhere.

"I don't know that anything further will be done in the matter," said a prominent union man last night, "except that we shall continue to try to induce the recent shops to come in by the measures already in force. The trouble is that one man waits for another, and it is difficult to move the movement forward."

The employing barbers have granted the union its demand of \$15 a week guarantee, with 60 per cent commission on the journeymen making as much above that amount as they can. An additional demand which has not been settled is that of \$5 for Saturday barbers.

Under the new system, if a barber fails in any week to make as much as \$15 on commissions, the shop has to make the deficit good. If the next week he makes more than \$15, he keeps all he makes.

ASHEL WOODRUFF, president of the Chicago mission of the Mormon church is quite ill in Chicago. Word received denoted a serious trouble with his eyes and several leading surgeons have been called in consultation although no word has been received of the operation or any late developments. Mr. Woodruff is a brother of the late Apostle Owen Woodruff and as their mother is still quite ill owing to all the trouble and sorrow lately come to her home, this third affliction will be all the more sad. All the friends of the family will deeply sympathize with its members in this new trouble and all hope to soon hear of the full recovery of mother and son.

SIOUX BASEBALL TEAM  
TO PLAY IN SALT LAKE

The Sioux Indian baseball aggregation, composed of thirty-five full-blooded Indians, will arrive in Salt Lake this morning. The Indians are a bunch of fast ball tossers and they are now touring the country, giving exhibition games on all sides. Their great game is moonlight ball playing and at this they have outstripped all competitors. They carry with them a full electric light plant and have fifty arc lights, which are capable of 1000 candle-power each, making 50,000 candle-power of light.

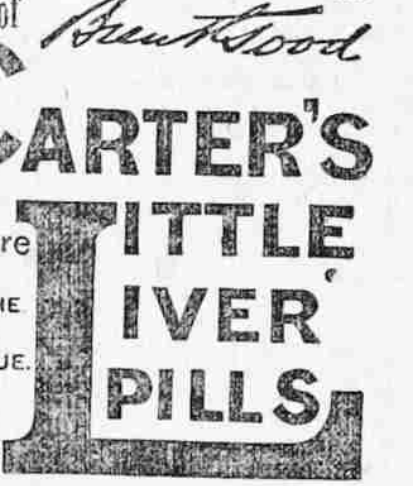

They have a portable grand stand and inclosure, which they use when giving exhibitions in country towns. While in Zion the Indians will play two exhibition games with the Cleveland Commission company team. The local team stands at the top of all amateur organizations in the State and is composed of some of the speediest amateurs in the West. Fred Smith, Bert Margotte, Hugh and a number of other speedy old-timers are found in its ranks. The locals have been practicing hard for the contest and hope to break even with the Indians at least. They practically conceded the Wednesday night game to the redskins, but hope to win out in the afternoon contest. The games will be played at Walker's field.
